

About UNPS

Unified Network Payment Solutions™ (UNPS) is a full-service merchant payment processing company, offering solutions targeted to the needs of businesses. UNPS is a partnership between First Data Merchant Services (FDMS) and CU Electronic Transaction Services (CUETS). UNPS provides merchant services through its direct sales force and credit unions/caisses populaires across Canada.

UNPS allows merchants to accept MasterCard®, Visa®, American Express®, and Interac® Direct Payment. UNPS also provides a number of innovative transaction processing technologies.

UNPS provides Canadian businesses with the following benefits:

- ▶ Single statements, providing simplified reconciliation and record keeping.
- ▶ The choice of depositing all MasterCard and Visa transactions to a single direct deposit account or to multiple accounts.
- ▶ A single point of contact for all balancing, terminal and general service questions, accessed by calling UNPS Customer Service at 1-888-263-1938.
- ▶ One application for MasterCard, Visa, and Interac Direct Payment.

Payment Products

UNPS provides merchants with customized payment products targeted to their specific business or industry. UNPS offers a focused set of payment processing options available at competitive rates.

The following payment products are currently available:

Keycorp® K23 Point-of-Sale (POS) Terminal

- ▶ The Keycorp K23 POS terminal is a cost-effective, flexible payment product ideal for use in financial, retail and service environments.
- ▶ The Keycorp K23 POS terminal has dual communication capabilities meaning merchants can either process high speed transactions via the internet or by traditional dial-up processing.
- ▶ Other features of the Keycorp K23 POS terminal are its chip/smart card reader, customer tipping option, pre-authorization option and its integrated terminal and PINpad.

Keycorp K23

VeriFone® Omni 3200SE Point-of-Sale (POS) Terminal

- ▶ The Omni 3200SE is a highly reliable, cost effective payment product for a wide range of businesses.
- ▶ It provides ease of use and an integrated thermal printer, as well as enhanced ergonomics and a compact contemporary design.
- ▶ The Omni 3200SE is a state-of-the-art terminal used by thousands of companies to meet their payment processing needs.

VeriFone Omni 3200SE

Short-Range, Cordless Point-of-Sale (POS) Terminal - Express Aerial

- ▶ The Express Aerial provided by American Express® allows merchants to accept MasterCard®, Visa®, American Express and *Interac*® Direct Payment.
- ▶ This innovative, short-range, cordless POS terminal gives merchants the edge they need in a competitive retail marketplace.
- ▶ The Express Aerial can be taken right to customers thereby increasing privacy and convenience, as they do not have to lose sight of their card. By quickly and efficiently processing all credit card and *Interac* Direct Payment transactions anywhere, you improve the customer experience.

Express Aerial

Full-Function Interactive Voice Response (IVR) System

- ▶ Using a touch-tone phone, merchants are able to accept and process MasterCard, Visa, and American Express card transactions.
- ▶ All merchant transactions can be deposited to the merchant's account at their credit union/caisse populaire or another financial institution.

E-Commerce - PSiGate

- ▶ UNPS has partnered with a leading Canadian E-Commerce payment company; Payment Services Interactive Gateway Inc. (PSiGate).
- ▶ PSiGate provides electronic payment services for merchants using the internet.

Merchant Specialists

UNPS conducts focused research with both businesses and industry leaders to determine the specific payment products that are best suited for respective industries. Rather than provide a list of devices and ask you to figure out what you need, UNPS provides you with guidance and the solution that will fulfill your customer payment objectives.

To enhance our customer service we have launched www.unpsolutions.ca to inform businesses about the cost effective and efficient payment processing options we provide. UNPS is the only solution your business needs for MasterCard, Visa, American Express and *Interac* Direct Payment, whether you are a local business or a national company.

Contact Us

UNPS is pleased to respond to all inquiries for merchant discount rate quote and any other information regarding the products and services that we offer. To find out what UNPS can do for you and to get a quote for a merchant discount rate, please contact your local credit union/caisse populaire or contact us directly by calling 1-866-514-7094 or e-mailing unps.sales@firstdata.com.
